# HARISH ALE

**Mobile Hybrid Application**

**Website Developer**

web 3.0 && blockchain Enabled

## PROFILE

I am a Web & Mobile Technology Enthusiast, with 5.6 years of work experience combined with many years of development experience dating back to my college days. Within a short period of time, I have been delegated responsibilities to manage and develop projects. I have experience with wide spectrum of technologies like Angular, ionic Framework, JavaScript, TypeScript, MySQL, PHP, ReactJS, NodeJS. I love learning new technologies and staying up to date; like currently I am doing a certification in Blockchain. And I incorporate these new methods in project development, improving my skills and simultaneously adding value to the organization. I am passionate about what I do, and I feel happy when we deliver a quality product in efficient ways. Together We Win.

## EXPERIENCE

### IBM
**2020-2022 – SENIOR SYSTEM ENGINEER**

Working as a Frontend Engineer in a cloud-based Salesforce project mainly in AngularJS, HTML, JavaScript, CSS, SLDS, LWC. Integrated a Smart Contract using Blockchain technology for confidential data. Completing CRs, SRs and Product Launch.

### Bristlecone India Pvt. Ltd.
**2018-2020 – TECHNICAL CONSTULTANT**

I worked here as a Hybrid App Developer to build Android and iOS applications using ionic Framework and also build websites using Angular. Core team member of the MESOP project which is an ESOP platform for the Mahindira Group.

### Fuelfortech Pvt. Ltd.
**2017-2018 – WEB / APP / BACKEND - DEVELOPER**

Worked as a Full Stack Developer built websites using Angular in frontend and, also built Hybrid mobile applications using Ionic Framework. Used PHP for backend APIs and MySQL as database. It was a small team, so I used to take requirements from the client and made FRS, Wireframes etc. for a quality delivery.
